PROFILE

Communications student specializing in Human-Computer Interaction (HCI), with a strong passion for UX/UI design and creating user-centered digital products. Leveraging an analytical background as an Information Systems NCO alongside hands-on experience in prototyping and visual design to solve complex problems and deliver engaging user experiences.

EXPERIENCE

- SHiFT Club (Reichman University)** Feb 2026 - Present
- Head of content
- Design and manage a dynamic, semester-based educational syllabus tailored to students' needs, bridging the gap between them and the Israeli gaming industry.
 - Scout and collaborate with top industry professionals to deliver practical sessions that provide high value to the student community.
 - Create engaging digital assets (stories, posts, and visual concepts) for social media to boost club visibility and drive student participation.

- IDF (MEKALAR)** May 2021 - Apr 2023
- Information Systems NCO
- Synthesized complex data from organizational systems into clear, accessible executive reports for senior officers.
 - Managed and monitored complex data processes, ensuring information accuracy and operational efficiency in a fast-paced environment

EDUCATION

- Reichman University** Nov 2024 - Present
- School of Communication | Human Computer Interaction
- Focusing on UX, product, and user-centered design.
- Ben Zvi high school** Sep 2017 - Jun 2020
- Full diploma
